Subject: Fw: Metro Manila Shake Drill on June 22, 2016

Dear All,

Tomorrow, June 22, 2016 at 9:00AM, is a nationwide Shake Drill. We encourage everyone to participate. Below is the guidelines from TMBC Admin.

Thank you.

Francis II Monsanto
 Supervisor – Admin

What should we do at 9:00 AM?

If you are at the office, at school, or inside a building, once the signal (fire alarm) starts

6/15/2017

at 9:00 AM, perform the DUCK, COVER and HOLD maneuver for 45 seconds (see attached illustration). After that, the procedure is to evacuate your building to a safe open area, however, VGP Center occupants will not evacuate the building and shall remain in their respective offices after performing the duck, cover and hold maneuver. Since there are only two (2) operational elevators, the volume and weight of people who will be going back to the upper floors might be too much for the elevators and may cause them to malfunction and eventually break down.

All tenants, occupants and offices are requested to encourage their staff to perform the Duck, Cover and Hold maneuver at the sound of the alarm (9:00 AM). This will help everyone to be prepared in the event a 7.2 Magnitude Earthquake strikes Metro Manila.

Thank you.

Stay safe and God bless!

TO ALL Tenants & Occupants of VGP CENTER:

On June 22, 2016, Metro Manila residents will participate in a metro-wide earthquake drill, as part of the 2nd quarter National Simultaneous Earthquake Drill (NSED).

The drill aims to increase awareness and prepare everyone in the event a 7.2-magnitude earthquake strikes Metro Manila. Scientists predict a major movement of the West Valley Fault could occur within our lifetimes.

Preparation is key

Everyone can and should participate in the earthquake drill, according to the organizers. Since the drill will be held at the same time as a nationwide earthquake drill, even those outside of Metro Manila can join.

Questions

Rappler's disaster risk reduction arm has prepared a list of answers to some frequently asked questions:

6/15/2017

What is the Metro Manila ShakeDrill?

The Metro Manila ShakeDrill (#MMSHakeDrill) is a metro-wide earthquake drill. It aims to promote a culture of preparedness among Metro Manila residents for a possible 7.2 magnitude movement of the West Valley Fault.

It is organized by the Metro Manila Disaster Risk Reduction and Management Council (MMDRRMC) and managed by the Metropolitan Manila Development Authority (MMDA), the Office of Civil Defense (OCD), and other agencies and stakeholders.

When will it happen, and how do we know it is starting?

The ShakeDrill will be conducted on **June 22, Wednesday at 9:00 AM** in Metro Manila. It will be held at the same time as the National Simultaneous Earthquake Drill.

At **9:00 AM**, radio stations will sound the earthquake alarm which will signal the start of the drill. Your company, church, school, or institution may also sound their own alarms or bells.

Who should participate in the ShakeDrill?

Everyone in Metro Manila should participate in the drill. Since the **ShakeDrill** is designed to simulate an unexpected **7.2-magnitude earthquake**, everyone will be affected, wherever they are.

The **Metro Manila ShakeDrill** has been coordinated with the barangays, government agencies, hospitals, businesses, schools, BPOs, mall operators, safety and security practitioners, and the religious sector in order to ensure the widest participation.

What should we do at 9:00 AM?

If you are at the office, at school, or inside a building, once the signal (fire alarm) starts at 9:00 AM, perform the DUCK, COVER and HOLD maneuver for 45 seconds (see attached illustration). After that, the procedure is to evacuate your building to a safe open area, however, VGP Center occupants will not evacuate the building and shall remain in their respective offices after performing the duck, cover and hold maneuver. Since there are only two (2) operational elevators, the volume and weight of people who will be going back to the upper floors might be too much for the elevators and may cause them to malfunction and eventually break down.

All tenants, occupants and offices are requested to encourage their staff to perform the Duck, Cover and Hold maneuver at the sound of the alarm (9:00 AM). This will help everyone to be prepared in the event a 7.2 Magnitude Earthquake strikes Metro Manila.

Thank you.

Stay safe and God bless!
